## THE GLORIOUS SAGA OF RADEN

able industries, established in 2010 is a mission driven enterprise having a solid and unique vision. the strong adherence to mission & vision has led able manufactures towards the path of shining success. the mission and vision help by able industries clearly express the long term plans of the company.

let's explore the world of raden the synonym of classic bath fittings. raden a brand having inherent aesthetic appeal. the whole range of faucets that seduces stimulates and stuns people. raden has not only upgraded the taste for bath fittings but has become a benchmark for the whole industry. it makes bathrooms conspicuous. raden is both an inception and conception by able industries the makers.

### THE VISION

being innovative and focussed on designing and developing faucets of high quality with a strong drive to customer value.

### THE MISSION

to be the leader and pioneer in faucet industry and to change the bathroom ambience by introducing classic conspicuous bath fittings of raden brand, without causing harm to nature and environment.

ISO 9001:2015 CERTIFIED COMPANY

## LEADER IN DESIGN & QUALITY THE CORE COMPETENCES

each and every industry has its core requirements core competences. the able industry understands this fact very well. designing and zero defect manufacturing are the two core competences required in bath fittings and faucets industry.

hence, able industries has come up with a never before, bold and beautiful designs that look unique and versatile in function. raden things are ergonomically designed to make user feeling contented.

made in a highly sophisticated, state of the art manufacturing facilities, they are always faultless and zero defect. rather, they are the benchmark and standard of perfect manufacturing. raden, made from selectively procured and finely finished brass, look like ornaments of bathrooms. the trademark itself speaks of unmatched quality and attractive appearance.

## QUALITY AND R&D

raden is always striving to create value and exceed customer expectations through continuous product innovation and cutting edge technologies, to ensure performance and longevity, all raden products undergo numerous tests. raden's well-equipped r&d centre has the latest instrumentation and 3d modelling design software to carry out design functions and define technical specifications.

production process be it mould making, casting, grinding, polishing, electroplating, and finally, testing and assembly, raden has the complete manufacturing process under one roof in a fully integrated plant. the factory is also constantly online with the marketing team, and engages in demand forecasting, using market information plus trends to predict to predict demand.

## RADEN GROUP CATERS TO LUXURY, PREMIUM & VALUE BATHROOM SEGMENTS WITH ARTIZE

raden is known the world over for its excellence in innovation and technology, continuous research and development, and being a leading, trusted bath brand. raden has been built on the platform of the highest quality standards, aesthetics, and the intent of providing world-class products. a one-stop solution for all bathing needs, raden has high-performing faucets, showers, sanitaryware and wellness products in its coordinated portfolio.

## CARTRIDGES

The Heart of every faucet, the cartridge is responsible for controlling water supply.

- wide angle of lever provides ultra comfort and flawless, smooth operation.
- our cartridge spindle is made of brass instead of plastic, to avoid breakage.
- works smoothly even at high temperatures (84 degrees) and in various pressure conditions(0.5 - 5 bar).
- our integrated honeycomb-structvured aerator, provides lime buildup protection.
- integrated anti-clogging dome screen of the aerator filters sediments and dust particles.
- chrome finish.
- upper shiny protection layer provides a mirror finish to every faucet.
- high plating thickness (nickel: 10 microns and chrome: 0.3 microns) provides tolerance to extreme climate and water conditions.

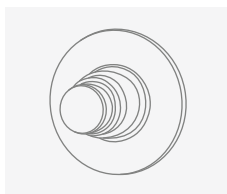

## TECHNOLOGY THAT SAVES WATER

### Pressmatic Faucets

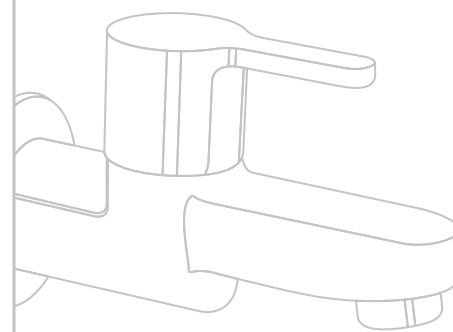

as a manufacturer of bathing products, we at raden are well aware of our responsibilities, conservation of precious water as a natural resource has long been the primary goal of our sustain ability efforts to help preserve the living planet for our future generation, go green is a philosophy embraced by raden as a tenet of its design and production system to save water.

### Dual Flush

flushes that use more water than needed are the biggest water wastage culprits in every home. raden's dual flushing systems enable you to use either a combination of 3/6 liters of water or 2/4 liters of water, depending on your water closet. raden's beta valve is designed to save 50-60% of water every day.

## with a new perspective

squares and rectangles are passe. thinking out of that square box lead us to pentagons, and the challenge to turn something as geometric as a pentagon into a piece of art tickled our creative senses. that's how qu was born. a pentagon seen with a new perspective that adds a unique dimension to every bathroom.
